OCTOBER 2025

Kartesia KSO II Fundraising

We successfully participated in the fundraising in France of Kartesia KSO II.

This private debt fund, «Direct lending/senior debt,» exceeded our expectations with a closing on June 30, 2025, at €1.840 trillion.
Congratulations to the Partners and the entire management team, who continue to deliver talented and consistent performance far above that of their competitors.
And a huge thank you to the Investors Relations team for our professional collaboration, built on trust, efficiency, and good humor.

See you soon for new adventures.
